

**Department of Biochemistry
Graduate and Postdoc
Weekly Seminar Series**

**Friday, January 23
WSLR 116
12:30 PM**

“Understanding the Qualitative Regulation of Ferulate Ester Biosynthesis in Arabidopsis thaliana”

Presented by:
Nick Anderson
(Chapple Lab)

“The Activated RacGTPase Translocates Protein Phosphatase 5 to the Cell Membrane”

Presented by:
Anindo Chatterjee
(Rossie Lab)

Lunch provided at 12:00 p.m. in WSLR 116
